# PIPAC Workshop

September 13-14, 2018  
Lausanne University Hospital

Auditorium Mathias Mayor  
Bugnon 46, CH-1011 Lausanne

Dear Colleagues,

Six years after the first PIPAC in humans and 3 years after the start of the PIPAC program in Lausanne, it is our pleasure to organize the 4<sup>th</sup> international PIPAC certification course in Switzerland.

As the previous two years, participants from all over the world will find a warm welcome in Lausanne and hopefully enjoy a very dense event featuring state-of-the-art lectures, interactive discussions, hands-on training and of course live surgeries.

PD Dr Martin Hübner

Prof. Nicolas Demartines

## SPEAKERS

### Prof. Marc A. Reymond

Director PIPAC Programm  
University Hospital Tuebingen

### Prof. Clarisse Dromain

Radiology  
University Hospital Lausanne

### Dr Jan Franko

Vice Chair of Department of Surgery  
Chair of Surgical Oncology  
Des Moines, USA

### Prof. Olivier Glehen

Chairman Digestive Surgery  
University Hospital Lyon Sud

### Olivia Sgarbura, MD, PhD

Consultant  
Surgical Oncology  
Institute of Cancer Montpellier (ICM)

### Prof. Clemens Tempfer

Chairman, Gynecology  
Marienhospital Herne,  
Ruhr-University Bochum, Germany

### Dr Basile Pache

Visceral Surgery  
University Hospital Lausanne

### Dr Hugo Teixeira

Visceral Surgery  
University Hospital Lausanne

### Prof. Patrice Mathevet

Gynecology Surgery  
University Hospital Lausanne

### PD Dr Martin Hübner

Visceral Surgery  
University Hospital Lausanne

**Thursday, September 13<sup>th</sup>, 2018**

**08.30-09.00**

**Welcome, coffee and croissant**

**09.00-11.00**

**Welcome  
Why PIPAC?**

*N. Demartines, M. Hübner*

- How to get started? *M. Hübner*
- Ethical background *M. Reymond*
- Radiology : Diagnosis/staging of peritoneal metastases *C. Dromain*
- Systemic treatment for peritoneal carcinomatosis *J. Franko*
- Hyperthermic IntraPeritoneal Chemotherapy *O. Glehen*

**11.00-11.30**

**Coffee break**

**11.30-13.00**

**PIPAC essentials**

- Normal and diseased peritoneum *M. Reymond*
- Therapeutic capnoperitoneum and PIPAC technology *M. Reymond*
- PIPAC: tips, tricks, pitfalls *O. Sgarbura*
- Occupational health safety aspects *C. Tempfer*
- Regulatory background *C. Tempfer*

**13.00-14.00**

**Lunch**

**14.00-15.30**

**PIPAC Preclinical experiments and clinical data**

- Preclinical experiments *M. Reymond*
- Local and systemic toxicity, risks, dangers *C. Tempfer*
- PIPAC The Evidence *M. Hübner*

**15.30-16.00**

**Coffee**

**16.00-17.30**

**Hands-on training (dry lab)**

- *PIPAC technology: Aerosolizer, angio injector, trocars, lines*
- *Safety concept, checklists, clinical pathways*

**17.30-18.00**

**Interdisciplinary tumor board**

Case presentations

*H. Teixeira, B. Pache*

**19.00**

**Social event**
